## COLLEGE OF ENGINEERING

Promoted by Shanti Education Society, Affiliated to Rajasthan Technical University & Approved by AICTE

### Action Taken on feedback received from stack holders for the Academic year 2018-19

Stack Holders		Received Feedback
Students	End Semester	473
	Program Exit	77
Faculty		13
Employer		02
Alumni		10
Parents		26

#### **Students Feedback**

One of the most important stakeholders are students. From students two types of feedbacks have been taken. One is end semester feedback which is taken by the completion of every odd & even semester and second type of the feedback is Program Exit Feedback/Exit Feedback. In session 2018-19 total 473 responses have been received for end semester and 77 for program exit feedback. Proper actions have been taken against the suggestions provided by these two types of feedback.

#### **Faculties Feedback**

Another important stakeholders are our faculties. A total 13 feedback have been received from the faculty members. Faculty feedbacks have been considered for the action taken for session 2018-19.

#### **Employer's Feedback**

02 feedbacks have been received from the various employers from different departments. The feedback of employers are very important and considered for action taken.

#### **Alumni Feedback**

Poornima college of Engineering has also taken the feedback from its alumni as the suggestions provided by the alumni may be very important for the overall growth of the institution. A total 10 feedbacks have been received for the session 2018-19.

#### **Parents Feedback**

It is advised to take the feedback from parents also. Total 26 feedback have been received from different departments from I semester to VIII semester.

## COLLEGE OF ENGINEERING

Promoted by Shanti Education Society, Affiliated to Rajasthan Technical University & Approved by AICTE

### DEPARTMENT OF MECHANICAL ENGINEERING ACTION TAKEN REPORT (STUDENTS FEEDBACK)

SESSION 2018-19

#### Feedbacks from the students

- Syllabus is not relevant to the industry requirements and the fulfilment of their career and personal goals.
- A request by students is made for the formulation of syllabi that bridges the gap between theory and practical, offering opportunities for field experiences, hands-on learning, skill development, and more professionally oriented programmes like Data Analytics, programming languages, econometric analysis, etc. that shall enable them to participate in the workplace. More placement opportunities and information on future career options to aid field selection were also requested.
- Rethinking evaluation methods, formulating assignments and projects that test creative and analytical ability is the need of the hour. Readings and other study material should be compact and made accessible to students in an organized manner.
- Some students also highlighted the desire for more comprehensive and detailed engagement with certain topics and subjects, with training in writing research papers, so that they may prepare better for further specializations in the discipline.
- The students were happy with the academic environment of the college.
- Less time duration is available for the completion of NSP project in a semester; therefore, the duration should be increased to two semesters for a NSP project. Some of the courses like Automobile Engineering, IC engines, Refrigeration and air-conditioning and FEA are very important for a Mechanical Engineer but in RTU curriculum these subjects are offered as electives.

## COLLEGE OF ENGINEERING

Promoted by Shanti Education Society, Affiliated to Rajasthan Technical University & Approved by AICTE

### Action to be taken

Concerned issues should be discussed in Department committee.

- Department committee requested management to allow industry visit for students in each session. Additionally, more Expert lectures & Guest lectures should be conducted for grabbing the career opportunities.
- All department faculties should sit together and decide on the evaluation methods for impartial evaluation of theory, lab exams and assignments and tutorials.
- Research Paper writing Seminar should be conducted at the department level for 3<sup>rd</sup> year and 4<sup>th</sup> year students.

### Action Taken:

- The Institution encouraged the holistic development of students through diverse teaching pedagogies. Additionally, a well-stocked library with extensive reading space had been made available to the students for accessing primary and secondary study material. Moreover, PCE ensured the inculcation of extra-academic skills by offering a wide array of extra-curricular and activities to the students.
- College management allowed to take students for Industry Visit in each session for more understanding of Industry requirement by students.
- All lab courses had rubrics designed and displayed in Labs. Evaluated answer copies of midterm exams are shown to students to guide them and make them improve their mistakes.
- In every semester student will undergo Non-Syllabus Project in which he/she has to perform a Literature Survey of related Research papers. Additionally in Final Year Seminar it is now compulsory for each student to write a Review Paper on the Seminar topic and get it published.

### Department of Mechanical Engineering

### Feedback Analysis and General Suggestions Given by Students

Session 2018-19

S.No.	Particulars	Average
1	Are you able to apply knowledge of mathematics, science and Electrical Engineering fundamentals for solving complex engineering problems?	3.49
2	Do you have the ability to identify and analyze engineering problems using basic principles and literature review.	3.58
3	Ability to design a system, component or process to meet desired needs within realistic constraints such as cost, environmental, societal, health & safety, maintenance and feasibility.	3.30
4	Ability to conduct investigations of complex engineering problems using R & D skills including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.	3.27
5	Ability to practice as a competent electrical professional with yearns for learning and employing emerging and the latest technologies.	3
6	Do you have the ability to design a system, component or process to meet desired needs within realistic constraints such as cost, environmental, societal, health & safety, maintenance and feasibility?	3
7	Are you able to design and develop a system or process considering the environmental and sustainability issues and impacts.	3.44
8	Ability to understand professional and ethical responsibility.	3.34
9	Do you have the ability to design and develop solutions of varying complexities as an individual or in a team?	3.36

## COLLEGE OF ENGINEERING

Promoted by Shanti Education Society, Affiliated to Rajasthan Technical University & Approved by AICTE

### Feedback Taken:

1. Noise from out-side (through windows) must be arrested in the class for effective communication.
2. Value added courses may be carried out by the students based on automobile and manufacturing.
3. White boards must be wiped daily for clearer appearance of the writings.
4. Every student should have knowledge of CAD/ CAM software (CATIA, PRO-E, ANSYS, Solid works etc.)
5. Sessions for developing drafting skills in reputed Journals must be rendered.

### Action to be taken Against the Suggestions:

1. The issues need to be discussed in PAC and DAB
2. Institute proctor must be addressed for the relevant problems
3. All the class-acoustics has to be checked and optimized.
4. The faculties who have published their paper in reputed journals have to be directed for taking class of drafting skills.
5. Industry expert sessions on automobile engineering must be rendered.

### Action taken:

1. Classes affected by outside noise were identified and curtains were applied with improved window doors.
2. The sweepers were directed for proper cleaning of the white boards.
3. The relevant faculties were deputed for taking sessions on enhancement of drafting skills.
4. CAD/CAM and CATIA software learning classes at the end of semester were started.

## COLLEGE OF ENGINEERING

Promoted by Shanti Education Society, Affiliated to Rajasthan Technical University & Approved by AICTE

### DEPARTMENT OF MECHANICAL ENGINEERING

#### Faculty Feedback

#### Suggestions given by Faculty

Session 2018-19

#### Faculty Feedback Taken

1. For a proper balancing of theory and practical course, relevant beyond syllabus topics should be added in course.
2. Students need the knowledge of certification courses as per the industry requirement.
3. It's important to the students to know about digital instruments to work in the organization.
- 4.

#### Action to be taken Against the Suggestions

1. Non syllabus program with relevant beyond syllabus topics will be added in curriculum.
2. The sessions of industry persons proposed to be organized for knowing the industry requirements.
3. Industry visit or workshop will be organized for the understanding of digitalization.
- 4.

#### Action taken Against the Suggestions of Faculty

1. Some NSP course and Industry Institute Interaction activities scheduled throughout the semester.
2. Registration in NPTEL and course-era certification encouraged by the institute.
3. MoU signed and Industry visit is organized for practical exposure of digitalization.

## COLLEGE OF ENGINEERING

Promoted by Shanti Education Society, Affiliated to Rajasthan Technical University & Approved by AICTE

### DEPARTMENT OF MECHANICAL ENGINEERING

#### Suggestions given by Employer

Session 2018-19

#### Employer Feedback Taken

- Students should be open to new ideas and learning new techniques.
- Students should have planning and organization skills.
- Students should be able to developing practical solutions to work place problems.
- Impart mental and physical fitness training to the students for enhancing industry adoptability.

#### Action to be taken Against the Suggestions

- To develop new ideas and learning new techniques students project will be more industry focused maximum as possible.
- Department students will be allowed more in Students' council of the institute in order to enhance their planning and organizing skills.
- Students will participate in Smart India Hackathon event in order to developing practical solutions to work place problems.
- Mental and physical fitness training will be planning for enhancing industry adoptability

#### Action taken Against the Suggestions of Employer

- Students allowed to make projects and sent to participate in other National Institutes'.
- Student's organised Engineers Day, Vishwakarma Jayanti and Teachers' Day.
- Students participated in Smart India Hackathon event with solution of work place problems.
- Mental and physical fitness training organised through YOGA Day.

Promoted by Shanti Education Society, Affiliated to Rajasthan Technical University & Approved by AICTE

**DEPARTMENT OF MECHANICAL ENGINEERING**  
**ALUMNI ASSOCIATION**  
**Suggestions given by Alumni**  
**Session 2018-19**

**Alumni Feedback Taken**

- Alumni sessions on motivational talk and career. Some relaxation should be given to the students on activity day.
- Department training and placement cell should invite the core companies involving alumni of the institute
- Laboratory may be equipped with modern tools; alumni may contribute to support on providing the equipment details used in modern industries.
- Value added courses specially in the field of automobile and manufacturing engineering, robotics may be introduced.
- Every student should have knowledge of CAD/ CAM software (CATIA, PRO-E, ANSYS, Solid works etc., they may be trained for one software in one semester.

**Action to be taken Against the Suggestions**

- Some alumni may be invited as co-guide external mentor in the student project so that the students project will be more industry focused.
- Communication with alumni will be involved in the department training and placement activities,
- Alumni sessions will be planned on students' development activities.
- There is high need to develop startup culture, so that students can know the benefits of the startup.

**Action taken Against the Suggestions of Alumni**

- Motivational sessions on professional and personal life management organised.
- Students got placement in core industry.
- Three-dimensional (3D) printing machine established.
- International and National sessions on Robotics, advanced manufacturing and automobiles on virtual platform conducted.
- CATIA, PRO-E, ANSYS, Solid works software's added in Add on courses.

### DEPARTMENT OF MECHANICAL ENGINEERING

#### Parents Feedback Suggestions given by Parents Session 2018-19

#### Parents Feedback Taken

1. For improvement in general aptitude, reasoning and soft skills, separate classes must be incorporated with the curriculum.
2. There is need of Student Support and Progression.
3. More focus on Consultancy, Research and Extension to enhance research knowledge in respective subjects.
4. Effectively Syllabus coverage greatly helps in academic progress and recruitment.

#### Action to be taken Against the Suggestions

1. More focus on improving communication skills to be taken in lectures and additional workshops to be conducted for the same.
2. Student support and grievance cell to be developed in the college.
3. There should be more additional courses for learning various interdisciplinary skills and technologies. More technical quizzes, clubs & additional courses should be included.
4. Faculty has to make sure that the syllabus was properly covered in the class with provision for revision and extra classes.

#### Action taken Against the Suggestions of Parents

1. Teachers were asked to make sure that students use English for communication. Last 5 minutes of each lecture were scheduled for summarizing the lecture by some student.
2. Student coordinators were selected in each section and they along with the tutor were held responsible for solving the student issues.
3. Workshops for each year were organized by the department based on design softwares, MATLAB and simulation.
4. The department committee monitored the syllabus coverage progress in each subject and suggested changes in the approach to make sure that every subject's syllabus is covered in time.
